The time period for reply, if any, is set in the attached communication.

### **DETAILED ACTION**

1. Applicants' Submission of a sequence listing and CRF will not be entered because the listing comprises all nucleotide listings in Capital letters (see attached printout).
2. It is also noted that the originally filed listing contained only 5 sequences (15 February 2005). The submission of 31 October 2005 contained only 5 sequences.

However, it is noted that the submissions of 28 September 2007 and 30 November 2007 both contained 13 sequences.

Clarification is required in order to determine if the submission of an additional 8 sequences is considered a new matter issue.
